Organizer: Club d'Escacs Figueres

Schedule: August 14th, 15th & 16th
(3 rounds a day, starting at 3pm, 4:15pm and 5:30pm) .

Online chess platform: Lichess. All players must have a lichess personal account.

Time control: 15 minutes + 3 seconds increment from the first move.

Tournament mode: 9 rounds Swiss-System. Computer generated pairing through Swiss Manager and results viewable at chess-results.com

Results & pairings: Pairings, ranking lists and results will be published at chess-results.com. At the starting time of every round, the player with the White pieces must challenge her or his opponent, taking care of setting the colours and time control correctly. The challenge must be rating enabled. If, for any reason, the player with the white pieces cannot manage to challenge her or his opponent, it must be communicated to the organization, so that the player with the black pieces can set up the challenge instead. Players have a maximum of 5 minutes to make the challenge (or to accept the challenge, depending on the colours). If after 5 minutes, the challenge has not been created or accepted, the player who hasn't completed this requirement will be forfeited and will lose the game. In that case, the player that is present will communicate this circumstance to the organization. If neither of the players are present, both will be forfeited.

Communicating the results: The organization will establish the way of communicating the results before the start of the tournament (through a Whatsapp group). Furthermore, the organization will use this and/or other means, to get in touch with the players throughout the tournament. For enquiries and questions, players can contact the chief arbiter.

Please transfer the entry fee to the account of Club Escacs Figueres (IBAN: ES12 2100 8143 7622 0005 4566) indicating the name of the player in "reason of transfer".
